

Coloring Pages Instructions

Each week of Faith@Home, you are invited to color one coloring page with the corresponding number on the top left corner (example: Week 2 will have a **2** at the top). Each page has small sections of the Bible Memory text for the week as well as the book, chapter and verse so that you can look up the verses easily.

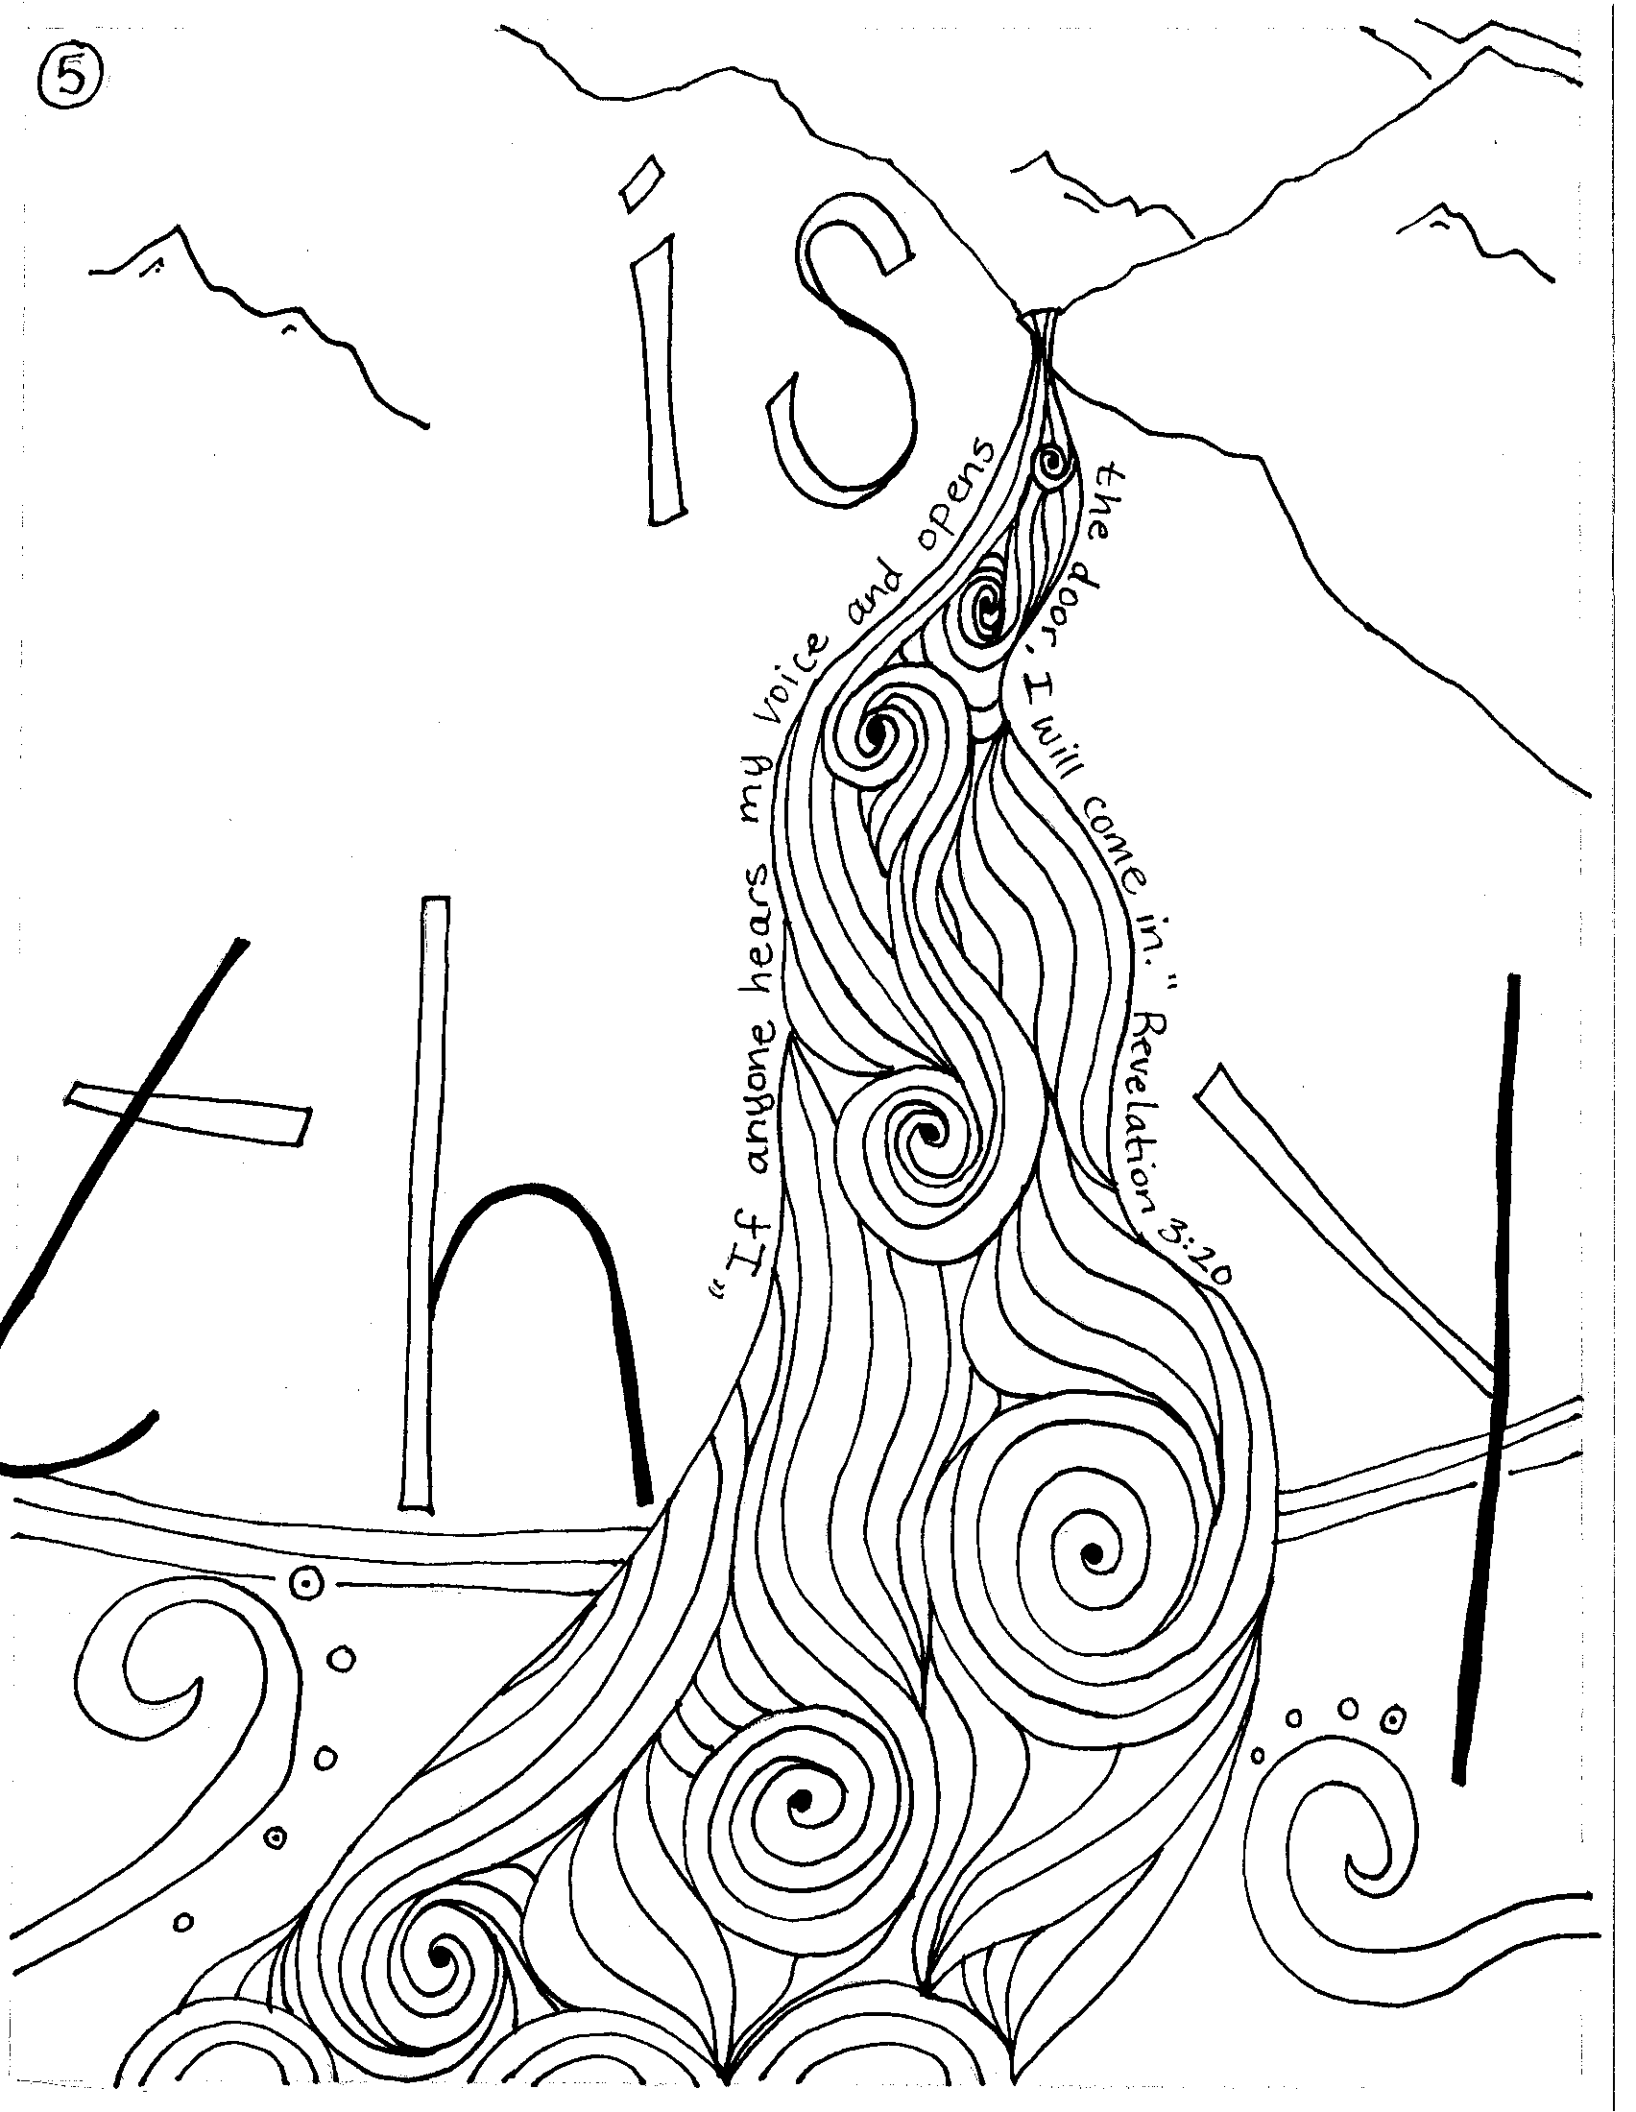

You have lots of options to create this piece of artwork however you think best fits your family. You can...

- Color each page as a family
- Split the pages up between family members (for example, Child A gets to color weeks 1,3 & 5, Child B gets to color weeks 2,4 & 6)
- Get/print multiple copies so whoever wants one can have their own set of coloring sheets

However you choose to split up the coloring of each page, when you are finished, they will all fit together to make one big poster that you can hang up in your house as a reminder that "God is with you."
